4G185

4G LTE-Advanced Pocket Mobile Wi-Fi Hotspot

What it does

Tenda 4G185 Mobile Wi-Fi is a high-speed packet access mobile hotspot. It is a multi-mode wireless terminal for SOHO (Small Office and Home Office) and business professionals.

Main Features

- Enjoy hassle-free Internet via 4G;
- Secured Network in Your Pocket;
- Rechargeable battery lasts up to 10 hours
- Elegant and compact shape;
- Play&Plug,no need configuration

Main Features

Impressively Fast and Reliable 4G Connection

Featuring the latest 4G LTE mobile internet, 4G185 delivers up to 150 Mbps download speed so that you can enjoy a lag-free HD movie and video chats and as well download files in seconds.

Secured Network in Your Pocket

Unlike public WiFi, the 4G185 offers great peace of mind with your own password protected WiFi, You can now protect your confidential business and personal data.

Sufficient Battery Runtime: Up to 10 Hours

Equipped with a powerful 2100 mAh battery, 4G185 is able to work effortlessly up to 10 hours and a week in standby. In addition, the battery is chargeable, removable and replaceable ;

Portable Smart Gadget On The Go

Elegant and compact in design, this pocket-sized smart gadget is a must-have that provides easily accessible wifi during your travel, business trips and outdoor activities.

User-Friendly Screen for Connection Information;

Tenda 4G185 has a small display for informing you about your data budget, 3G/4G signal strength, download/upload speed, battery status, signal strength, connected users and more.

Easy and Instant Access to Cellular Network with SIM card

The plug-and-play device comes with a Micro SIM slot. Where there is mobile cellular internet there is hotspot available. You can move with your MiFi anywhere.

Specification

Production Specification
