

Collaboration Bar Alpha

Clear image

4K (UHD) camera with people tracking keeps track of active negotiators and follows the optimal shooting plan.

Advanced sound

6-element microphone array with automatic noise reduction and echo cancelation can pick up voices from up to 8 m away.

Wide viewing angle

120° viewing angle covers up to 12 people, 5x digital zoom focuses the broadcast on the most important thing.

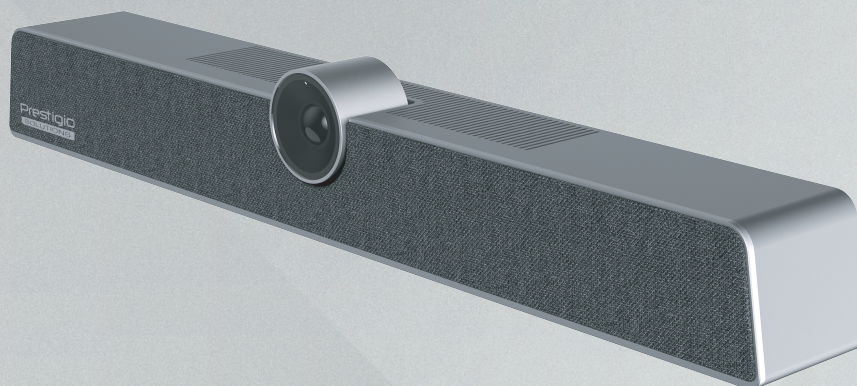

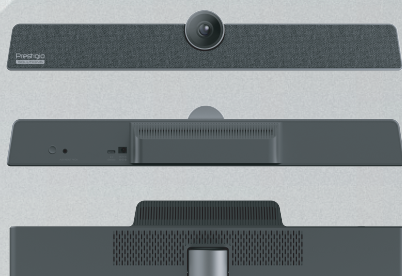

All in one solution

A 4K camera, 6 built-in microphones and a powerful speaker in one device, which helps to save space in the meeting room and frees it from the use of multiple additional connections and wires.
